

# Tenebrus

---

## Game Overview

Tenebrus is a cooperative survival horror game for 3 to 5 players. You are lost in a maze of changing passages, maintaining your light levels long enough to accomplish your chosen goal. Each player takes on a different role, with different special abilities that you need to fully leverage to stay alive. Communication, cooperation, and careful strategic planning are essential to your survival.

## Features

- + cooperative gameplay
- + continual exploration throughout the course of the game.
- + replayability: there are 4 different scenarios, representing different difficulty levels
- + modularity: game system allows for additional scenarios as expansion packs.
